This Week at
CARL BECKER HOUSE

Guest-in-Residence
Reichert Guest Suite, 108 Becker
Matthew Weinstein is a visual artist who has assembled a 3D computer animation production community that assists in the creation of his non-narrative animated cabinets. Other commercial processes as well as watercolor, painting and writing are integrated into Weinstein’s polymath approach to uncovering a creatively integrated yet ever expanding aesthetic cosmos. He is now collaborating with Cornell students in an investigation of physiological intensity and working on an animated film inspired by the writings of the British writer, Auma Kavan.

Thursday, February 22nd
